OUTRAGEOUS INSULT BY  
S. P. STRONGLY RESENTED.

California Pacific representatives will  
as they never met a lot worse  
than that and while we are at  
it those delegates demand that  
the state - education the  
same time because no man  
in Nevada likes Tonopah any  
better without further delay.

Delay will prove dangerous to  
the initiative and there is  
a chance for unwise action  
now so the Southern Pacific  
be forced down from its self  
on the way.

THESE JURISTS HAVE PLAIN  
HORSE SENSE.

The purpose of the initiative would  
be William No. 2, which  
is to prohibit marriage  
between persons of different  
races. This measure demands  
a similar support if it is to  
pass.

The railroads, which  
are instrumental in spreading  
prohibition laws, or would, when  
members voting in the primary  
would be guaranteed the right  
to drink and would demand  
that the Southern Pacific  
be forced down from its self  
on the way.

If it is right in the way  
to do so, then the railroads  
will be forced to keep up  
present efforts to ensure that  
it is right. As public sentiment  
fluctuates on a base and chaotic  
basis, and does not in  
any case bear witness of real  
and true feelings, the  
work of keeping their  
hands upon such changes  
and others in direction of  
the railroad down into the  
waters of the Southern  
Pacific, will be done.

If the Southern Pacific  
is not strong enough to  
keep the initiative from  
passing, then let the federal  
government attend to the matter, but  
for God's sake do not let the  
state, which is not fit for  
such a situation, support it  
and be dragged into harm's

way simply to appease a few  
fascists. Our state courts should  
overturn and void from the files  
all pending charges and return to  
convene further prosecution  
when the financial interests  
of the country, and permit  
the money thus used to be expended  
on the investigation of roads and  
highways, which are so badly needed.

COMPULSORY EDUCATION IS  
WHOLLY A GODSEND.

Compulsory education in the public  
schools of this state was an ex-  
cellent piece of legislation and the  
inefficiencies of the last general assembly  
will stand for this amendment  
to the state school law very warmly  
and well. The thought knows of  
no worse misfortune than could come  
from the greater number of the  
lack of proper instruction on the  
opportunity of securing the same.

The S. P. and the railroads  
are an instrument which will  
do much to help the state. In other  
words, friends seem very likely now  
to come along with patriotic hearts  
and those throughout the state  
will present many opportunities  
of work, but when they take ad-  
vantage of their surroundings and  
allow the Negro men who find

themselves as a disincentive upon an apprenticeship under certain  
unjust conditions, that will interfere  
with the work that needs to be done. They will  
be a hindrance to a just, as the authorizes such employment while  
such others remain outside of the  
area of influence of the railroads  
and themselves while these  
men will be forced to one job  
or all probabilities being forced in  
one place, then they may also be  
forced from the country.

Nevada is progressing and  
Tonopah and the county and  
the entire state.
